

Flamenco® & Petite Flamenco®

Flamenco[®] & Petite Flamenco[®] Umbrella

The signature Flamenco[®], with its fully frill-covered canopy, and the more understated Petite Flamenco[®], with its clean lines and crisply tailored ruffles, both take inspiration from the volantes — the frills found on the skirt of a traditional Andalusian Flamenco dress.

While most umbrellas only shade you from the sun, these umbrellas do so with fashion in mind. Sewn entirely in-house by our skilled seamstresses, either Flamenco will add a dash of spice to any setting.
