1. Pay attention to what's at your feet, for flooring is a key component of any room. The white oak Treethouse flooring from **Carlisle Wide Plank Floors** is composed of boards that measure 4 to 10 inches wide, resulting in a fresh look and feel. wideplankflooring.com

2. The Cuddle Up brushed throw from **Perennials** adds a touch of comfort to any setting—inside a room at home, while sitting out on the porch, attending a picnic, cheering on a favorite team. Soft, boldly striped, and edged with a tasseled fringe, the throw is the right item in which to, well, cuddle up. perennialsfabrics.com

3. The Maud slipper chair from **Flora Soames** evokes a classic design from the 1950s. Here, the chair is upholstered in a poplin with plain stripes of Sea Blue. The chair comes either with a kick pleat or a gathered skirt. florasoaames.com

4. It's all about the details in this circa-1850 Anglo-Indian table (28 1/2" h. x 45" w. x 34" d.), available at **Revival Home**. Made in India, the table features a rosewood center, as well as pierced flowers and vines that end in hand-carved dragon feet. revivalhome.com

5. **Paris Collage**, **Thomas Callaway** for Holland & Sherry, is from the designer's Left Bank Collection. Seen here in blue, the Belgian linen fabric is available in multiple colorways and features a geometric motif with horizontal, as well as vertical, repeats. thomascallaway.com

6. Here's the perfect way to be in the sun while remaining sheltered from it. **The Santa Barbara Umbrella's** Cabana Navy Blue Stripe is available in various shapes (octagon, square, rectangle) and woods (mahogany, teak, maple). santabarbaradesigns.com

7. This marble-topped, two-door Louis XV bleached oak buffet (40" h. x 47" w. x 24 1/2" d.) comes from the South of France. The carved feet and hardware (including lock) are original. Available at **Back Row Home**. backrowhome.com

8. When you turn on the Nan table lamp (17" w. x 20" h.) from **Circa Lighting** your room will be transformed. Lighting has that effect. Although available in other finishes, the semi-matte navy blue version is, perhaps, the most versatile. The white linen shade is an understated complement to the eye-catching ceramic base. circaighting.com

9. The Oscar Blue Stria from **Otis Textiles** is made of double-sided upholstery-weight stria that mimics a handmade patchwork pattern, yet it is extra durable. The material, composed mostly of linen, is woven on a loom, then washed and tumbled. otistextiles.com

10. This four-door cabinet in oak (141 1/4" w. x 24 1/4" d. x 96 1/2" h.) from **Schwung Home** not only makes a statement in a room, but it also serves as a practical source for storage. The piece evokes the French Belle Epoque, circa 1900. us.schwunghome.com
