DOLCE & GABBANA CASA

Following the preview presentation of the incredible new collection in Venice in August of 2021, the first two boutiques in the world dedicated to showcasing the universe of furniture from Dolce & Gabbana have opened in Milan. Both devoted to showcasing the very best of Italian craftsmanship, each boutique is uniquely extraordinary. The boutique of Corso Venezia 7 is home to the extraordinary furnishing accessories of the collection. Duchesse and twill cushions, mouth-blown Murano glass, printed quilts, and luxurious Sicilian ceramic plates are all showcased in this incredible space. Designed with a strong character, the boutique is adorned with basalt accents and imposing columns, creating a luminous, contemporary environment. A separate space is covered in LED panels to invite guests to indulge in a unique immersive multimedia experience. For larger furniture pieces, the boutique on Via Durini 23 has it all. Incredible large fabric sofas, rich lacquered oak tables, and vibrant bar cabinets are all on display in partnership with Luxury Living Group - an acclaimed luxury and lifestyle furniture company. Aesthetically in line with the furnishings boutique, the space utilizes its two floors to coordinate a refreshing and magnificent display of the brand's truest DNA.
