With the umbrella closed and standing, remove the pockets on the canopy by tugging them off the ends of the long arms.

Remove the finial from the top of the frame by removing the Phillips head screw that attaches it to the upper hub.

Slip the old canopy off the frame.

Slip on the new canopy, and align the pockets with the arms on the frame.

Re-attach the finial with the Phillip's head screw.

Place the long arms in the pockets of the canopy, by tugging on the pockets, and slipping them over the long arms.

Open the umbrella, to ensure the canopy has stretched completely.
