

Double Decker® Umbrella

DOUBLE DECKER® UMBRELLA

A throwback to the '60s and '70s, the Double Decker® umbrella pays homage to the mid-century modern movement. Made famous by the photography of Slim Aarons, this two-tiered showstopper became a fashionable addition to many iconic California landscapes and epitomized the glamorous poolside lifestyle of the era.

The Double Decker represents pure personality in umbrella form. We created this collection for those who aren't afraid to make a statement - who understand that outdoor living should be as much about style as function. The distinctive two-tier silhouette creates dramatic visual interest that transforms any space into something special.

From playful to sophisticated, Double Decker umbrellas offer endless customization possibilities. By pairing popular mid-century colors like sun-kissed oranges, yellows, and vivid turquoises with bold valance choices such as Keyhole, Marquis or Scalloped with Fringe, Santa Barbara Designs has created a retro look that captures the optimistic spirit of the era while feeling completely relevant today.
