FLAMENCO® & PETITE FLAMENCO® UMBRELLA

Born from the passionate rhythm of Andalusian dance, the Flamenco collection captures the dramatic flair of traditional Spanish culture. These umbrellas take their inspiration from the volantes—the flowing ruffles that cascade from a flamenco dancer's skirt—transforming this iconic detail into functional outdoor artistry.

The signature Flamenco makes an unapologetic statement with its fully frill-covered canopy, creating waves of fabric that move with the breeze like a dancer in motion. For those who prefer subtlety, the Petite Flamenco offers the same Spanish spirit with clean lines and precisely tailored ruffles.

Each ruffle is carefully crafted to create the perfect cascade of movement and shadow. Sewn entirely in-house by our skilled seamstresses, these aren't just umbrellas—they're invitations to embrace life with a little more flair.
