| www.santabarbaradesigns.com.

Designer Trina Turk and provider of bespoke, outdoor umbrellas, Santa Barbara Umbrella, introduce a capsule collection that brings bold fashion prints, vibrant color, and Palm Springs-inspired glamour to luxury outdoor living. Rooted in mid-century modern design and fashioned on Santa Barbara Umbrella's popular Paseo® aluminum frame, the designs pair favorite Trina Turk designed textiles with Santa Barbara Umbrella's refined construction, colors, trims, and design options, adding "zest and a vibrant surprise" to outdoor spaces.
